INFORMATION REGARDING ORGANIZATION AND CONDUCT OF MEETING

Solicitation of Proxies

THIS MANAGEMENT INFORMATION CIRCULAR (“CIRCULAR”) IS FURNISHED IN CONNECTION WITH THE SOLICITATION OF PROXIES BY OR ON BEHALF OF THE MANAGEMENT AND THE BOARD OF DIRECTORS (THE “BOARD OF DIRECTORS” OR THE “BOARD”) OF TRILOGY METALS INC. for use at the Annual Meeting of Shareholders of the Company to be held at the offices of the Company, Suite 1150, 609 Granville Street, Vancouver, British Columbia, V7Y 1G5 at 9:00 a.m. (Vancouver time) on May 28, 2020 (the “Meeting”) or at any adjournment thereof, for the purposes set forth in the accompanying Notice of Meeting. The Company anticipates this Circular, proxy materials and form of proxy will be first mailed to Shareholders on or about March 31, 2020.

Solicitation of proxies from registered Shareholders will primarily be by mail or courier, supplemented by telephone or other personal contact by employees or agents of the Company, and all costs thereof will be paid by the Company. The Company estimates such fees and costs to be nominal.

There are two kinds of non-registered, or beneficial, Shareholders – those who object to their name being made known to the issuers of securities which they own (called “OBOs” for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called “NOBOs” for Non Objecting Beneficial Owners).

Non-registered Shareholders who have not objected to their intermediary disclosing certain information about them to the Company are referred to as “NOBOs”, whereas non-registered Shareholders who have objected to their intermediary disclosing ownership information about them to the Company are referred to as “OBOs”. In accordance with National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”), the Company has elected to send the Notice of Meeting, the Circular and the related form of proxy or voting instruction form indirectly to the NOBOs and to the OBOs through their intermediaries. Unless required pursuant to U.S. proxy rules, the Company does not intend to pay for intermediaries to forward to OBOs, under NI 54-101, the proxy related materials and Form 54-101F7, and in the case of an OBO, the OBO will not receive these materials unless the OBOs intermediary assumes the cost of delivery.

The Company will not transmit proxy materials using notice-and-access.

General

Unless otherwise specified, the information in this Circular is current as at March 30, 2020. Unless otherwise indicated, all references to “\$” or “US\$” in this circular refer to United States dollars. References to “C\$” in this Circular refer to Canadian dollars.

Copies of this Circular and proxy-related materials, as well as the Company’s financial statements to be received at the Meeting and related MD&A and other information comprising the Company’s annual report, are available on the Company’s website at www.trilogymetals.com and under the Company’s profiles on SEDAR at www.sedar.com and on EDGAR at www.sec.gov.

Record Date and Quorum

The Board of Directors of the Company has fixed the record date for the Meeting as the close of business on March 30, 2020 (the “Record Date”). If a person acquires ownership of shares subsequent to the Record Date such person may establish a right to vote by delivering evidence of ownership of his or her common shares of the Company (“Common Shares”) satisfactory to the Board and a request for his or her name to be placed on the voting list to Blake, Cassels & Graydon LLP, the Company’s legal counsel, at Suite 2600, 595 Burrard Street, Vancouver, BC, V7X 1L3, Attention: Trisha Robertson. Subject to the above, all registered holders of Common Shares at the close of business on the Record Date (the “Shareholders”) will be entitled to vote at the Meeting. No cumulative rights are authorized and dissenter’s rights are not applicable to any matters being voted upon. Such registered Shareholders will be entitled

to one vote per Common Share. At the close of business on March 30, 2020, 140,663,463 Common Shares were outstanding and entitled to vote.

Two or more persons who are, or who represent by proxy, holders of at least 5% of the Common Shares entitled to vote at the Meeting will constitute a quorum at the Meeting.

Voting of Common Shares

Registered Shareholders

Registered Shareholders have two methods by which they can vote their shares at the Meeting, namely in person or by proxy. To assure your representation at the Meeting, please complete, sign, date and return the enclosed proxy, whether or not you plan to personally attend. Sending your proxy will not prevent you from voting in person at the meeting.

Shareholders who do not wish to attend the Meeting or do not wish to vote in person, can vote by proxy. A registered Shareholder must return the completed proxy to the Company:

- (a) by delivering the proxy to the Toronto office of the Company's transfer agent, Computershare Investor Services Inc. ("Computershare") at its office at 100 University Avenue, 8th Floor, Toronto, Ontario, Canada M5J 2Y1, for receipt not later than May 26, 2020 at 9:00 a.m. (Vancouver time);
- (b) by fax to the Toronto office of Computershare, Attention: Proxy Tabulation at 416-263-9524 or 1-866-249-7775 not later than May 26, 2020 at 9:00 a.m. (Vancouver time);
- (c) by telephone by calling 1-866-732-8683 toll-free in North America or (312) 588-4290 outside of North America, and following the instructions, no later than May 26, 2020 at 9:00 a.m. (Vancouver time); or
- (d) by internet, as instructed in the enclosed form of proxy, not later than May 26, 2020 at 9:00 a.m. (Vancouver time).

The persons named in the enclosed form of proxy are an officer of the Company or counsel to the Company. **Each Shareholder has the right to appoint a person or a company (who need not be a Shareholder) to attend and act for him/her and on his/her behalf at the Meeting other than the persons designated in the enclosed form of proxy.** Such right may be exercised by striking out the names of the persons designated on the enclosed form of proxy and by inserting such appointed person's name in the blank space provided for that purpose or by completing another form of proxy acceptable to the Board.

Non-registered Shareholders

The information set forth in this section is of significant importance to many Shareholders of the Company, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (i.e. non-registered or beneficial Shareholders) should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then, in almost all cases, those Common Shares will not be registered in the Shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada and the United States, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms) or Cede & Co. (operated by the Depository Trust Company), respectively. Common Shares held by brokers or their agents or nominees can only be voted upon the instructions of the non-registered Shareholder except in limited cases for certain "routine" matters. An example of a "routine" matter includes the appointment of the Auditors, which is considered the only "routine" matter to be voted upon at the Meeting. Otherwise, without specific instructions, brokers and their agents and nominees are prohibited from voting Common Shares for their clients, which is generally referred to as a "broker non-vote." **Therefore, non-registered Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person if such Shareholders want their votes to count on all matters to be decided at the Meeting.**

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from non-registered Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by non-registered Shareholders in order to ensure that their shares are voted at the Meeting. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge. Broadridge typically uses its own form of proxy, mails those forms to the non-registered Shareholders and asks non-registered Shareholders to either return the proxy forms to Broadridge or alternatively provide voting instructions by using the Broadridge automated telephone system. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A non-registered Shareholder receiving a proxy from Broadridge cannot use that proxy to vote Common Shares directly at the Meeting – the proxy must be returned to Broadridge well in advance of the Meeting in accordance with Broadridge's instructions in order to have the shares voted.**

Although a non-registered Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker (or an agent of the broker), a non-registered Shareholder may attend the Meeting as a proxyholder for the registered Shareholder and vote the Common Shares in that capacity. Non-registered Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as a proxyholder for the registered Shareholder should enter their own names in the blank space on the form of proxy provided to them by their broker (or agent) and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Exercise of Proxies

On any ballot that may be called for, the Common Shares represented by a properly executed proxy will be voted or withheld from voting in accordance with the instructions given on the form of proxy and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. **Where no choice is specified, the enclosed proxy will confer discretionary authority and will be voted in favour of all matters referred to on the form of proxy.**

The proxy also confers discretionary authority to vote for, withhold or abstain from voting, or vote against, amendments or variations to matters identified in the Notice of Meeting and with respect to other matters not specifically mentioned in the Notice of Meeting but which may properly come before the Meeting. Management has no present knowledge of any amendments or variations to matters identified in the Notice of Meeting or any business other than that referred to in the accompanying Notice of Meeting which will be presented at the Meeting. However, if any other matters properly come before the Meeting, it is the intention of the person named in the enclosed proxy to vote in accordance with the recommendations of management of the Company.

Proxies must be received by the Toronto office of Computershare, located at 100 University Avenue, 8th Floor, Toronto, Ontario, Canada M5J 2Y1 not later than May 26, 2020 at 9:00 a.m. (Vancouver time).

Revocation of Proxies

A Shareholder who has given a proxy may revoke it at any time insofar as it has not been exercised. In addition to any other manner permitted by law, a Shareholder who has given an instrument of proxy may revoke it by instrument in writing, executed by the Shareholder or by his attorney authorized in writing, or if the Shareholder is a Company, under its corporate seal, and deposited either with the Company's transfer agent, Computershare at its Vancouver office at 510 Burrard Street, 2nd Floor, Vancouver, BC, V6C 3B9 or with the Company's legal counsel, Blake, Cassels & Graydon LLP, at Suite 2600, 595 Burrard Street, Vancouver, BC, V7X 1L3, Attention: Trisha Robertson, at any time up to and including the last business day preceding the Meeting at which the proxy is to be used, or any adjournment thereof or with the chairman of such Meeting on the date of the Meeting, or any adjournment thereof, and upon either of such deposits the proxy is revoked. A Shareholder attending the Meeting has the right to vote in person and if he does so, his proxy is nullified with respect to the matters such person votes upon and any subsequent matters thereafter to be voted upon at the Meeting.

Voting Standards

Except as otherwise noted in this Circular, a simple majority of votes cast at the Meeting, whether in person or by proxy, will constitute approval of any matter submitted to a vote. Abstentions and broker non-votes will not be counted

either in favor of or against any proposal or either for or withheld in the election of directors, and, therefore, will have no effect on the outcomes of any proposal or election of directors.

Broker non-votes occur when a beneficial owner who holds company stock through a broker does not provide the broker with voting instructions as to any matter on which the broker is not permitted to exercise its discretion and vote without specific instruction. Broker non-votes may exist in connection with the election of directors.

The following chart describes the proposals to be considered at the meeting, the voting options, the vote required for each matter, and the manner in which votes will be counted:

Matter	Voting Options	Required Vote	Impact of Abstentions or Broker Non-Votes
Setting the Number of Directors at Eight	For; Against	Simple majority of votes cast	No effect
Election of Directors	For; Withhold	Plurality of votes - nominees receiving the eight highest number of votes at the meeting will be elected*	No effect
Appointment of Auditors	For; Withhold	Simple majority of votes cast (only votes “for” are considered votes cast)	No effect. (Brokers are permitted to exercise their discretion and vote without specific instruction on this matter. Accordingly, there are no broker non-votes.)

* See “Election of Directors” for a description of the Company’s Majority Voting Policy. In an uncontested election, if the number of votes “withheld” for any nominee exceeds the number of votes “for” the nominee, then the policy requires that the nominee shall tender his or her written resignation to the chair of the Board.

MATTERS TO BE ACTED UPON AT MEETING

Number of Directors

According to the Articles of the Company, the Board shall consist of not less than three and no more than such number of directors to be determined by resolution of Shareholders. The number of directors was previously set at nine. Shareholders of the Corporation will be asked to consider and, if thought appropriate, to approve and adopt an ordinary resolution setting the number of directors at eight. **In the absence of a contrary instruction, it is intended that all proxies received will be voted FOR setting the number of directors at eight.**

Election of Directors

The proposed nominees in the list that follows are, in the opinion of management, well qualified to direct the Company’s activities for the ensuing year and have confirmed their willingness to serve as directors, if elected. The term of office of each director elected will be until the next annual meeting of the Shareholders of the Company or until his or her successor is elected or appointed, unless his or her office is earlier vacated, in accordance with the Articles of the Company and the provisions of the *Business Corporations Act* (British Columbia).

The Board adopted a Majority Voting Policy on March 28, 2013, as amended March 14, 2017, stipulating that Shareholders shall be entitled to vote in favour of, or withhold from voting for, each individual director nominee at a Shareholders’ meeting. If the number of Common Shares “withheld” for any nominee exceeds the number of Common Shares voted “for” the nominee, then, notwithstanding that such director was duly elected as a matter of corporate law, he or she shall tender his or her written resignation to the chair of the Board. The Corporate Governance and Nominating Committee will consider such offer of resignation and will make a recommendation to the Board concerning the acceptance or rejection of the resignation after considering all factors deemed relevant. The Board must take formal action on the Corporate Governance and Nominating Committee’s recommendation within 90 days

of the date of the applicable Shareholders' meeting and announce its decision by press release. Absent exceptional circumstances, the Board will be expected to accept the resignation which will be effective on such date. The policy does not apply in circumstances involving contested director elections. See "Statement of Corporate Governance Policies – Majority Voting Policy".

Unless the proxy specifically instructs the proxyholder to withhold such vote, Common Shares represented by the proxies hereby solicited shall be voted FOR the election of the nominees whose names are set forth below. If, prior to the Meeting, any of the listed nominees shall become unavailable to serve, the persons designated in the proxy form will have the right to use their discretion in voting for a properly qualified substitute. Management does not contemplate presenting for election any person other than these nominees but, if for any reason management does present another nominee for election, the proxyholders named in the accompanying form of proxy reserve the right to vote for such other nominee in their discretion unless the Shareholder has specified otherwise in the form of proxy.

Pre-Approval Policies and Procedures

All services to be performed by the Company's independent auditor must be approved in advance by the Audit Committee. The Audit Committee has considered whether the provision of services other than audit services is compatible with maintaining the auditors' independence and has adopted a charter governing its conduct. The charter is reviewed annually and requires the pre-approval of all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor, subject to the *de minimis* exceptions for non-audit services as allowed by applicable law or regulation. The Audit Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant pre-approvals shall be presented to the full Audit Committee at its next scheduled meeting. Pursuant to these procedures, all services and related fees reported were pre-approved by the Audit Committee.

Report of the Audit Committee

The Audit Committee reviewed and discussed with management and the Company's independent auditors the audited consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended November 30, 2019. In addition, the Audit Committee has discussed with the Company's independent auditors the matters required to be discussed by Auditing Standard No. 1301, as amended, as adopted by the Public Company Accounting Oversight Board and the SEC. The Audit Committee has also received the written disclosures and the letter from the Company's independent auditors required by Independence Standards Board Standard No. 1

(Independence Discussions with Audit Committees) and has discussed with the Company's independent auditors that audit firm's independence from the Company and its management. Based on the review and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the year ended November 30, 2019, for filing with the SEC, which Annual Report is available under the Company's profile on SEDAR at www.sedar.com and on EDGAR at www.sec.gov/edgar.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Company's Compensation Discussion and Analysis included herein. Based on such review and discussions, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the year ended November 30, 2019 and the Company's 2020 Circular.

The Company's compensation strategy recognizes the need to attract and retain high calibre executives by providing reasonably competitive salaries, rewarding performance for achieving pre-determined objectives by providing bonus awards and motivating executives to remain with the Company and enhance shareholder value with long term incentive stock options. The Compensation Committee engaged an independent advisor to review and recommend changes to executive compensation, including a review of annual salaries and recommended short term and long-term incentives. An important element of company performance revolves around the creation of shareholder value, measured as total shareholder return or TSR, of which the Compensation Committee considered one, two and three-year TSR as part of its decision making for executive performance.

The executive team's performance was reviewed by the Board relative to the accomplishments for the year and the current operating environment and the Board approved a discretionary cash bonus and annual long-term stock option grants to the executive officers.

Submitted by the following members of the Compensation Committee of the Board of Directors:

Tony Giardini (Chair)
William Hayden
William Hensley

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes and explains the significant elements of the Company's executive compensation program for the 2019 fiscal year to attract, retain and incentivize the Company's named executive officers ("NEOs" or "Named Executive Officers").

The Company's current NEOs are:

- Mr. James Gowans, Interim President and CEO, and
- Ms. Elaine Sanders, Vice President and CFO.

Objectives of Compensation Program

The objectives of the Company's compensation program are to attract, retain and incentivize highly qualified executive officers with the talent and experience necessary for the success of the Company. The Company's compensation program is designed to recruit and retain key individuals and reward individuals with compensation that has long-term growth potential while recognizing that the executives work as a team to achieve corporate results and should be rewarded accordingly.

The Compensation Committee evaluates each executive officer position to establish and enumerate skill requirements and levels of responsibility. The Compensation Committee, after referring to market information recommends compensation for the executive officers. The Compensation Committee engages an outside compensation advisor, Roger Gurr & Associates (the "Compensation Consultant"), to review the market information and complete an analysis. The main elements of the engagement include reviewing the peer comparator group of mining companies, reviewing and confirming the compensation strategy and reviewing compensation data of the peer comparators. Typically, the CEO makes a recommendation to the Compensation Committee regarding base salary increases, annual incentives and long-term incentives for executive officers other than the CEO. These recommendations are based on the individual's salary in relation to guidepost, their actual individual and company performance and market

conditions. The Compensation Committee holds an in-camera meeting to review these recommendations and then puts forward their recommendation to the Board for approval.

Executive Compensation Policies and Programs

In establishing compensation objectives for executive officers, the Compensation Committee seeks to accomplish the following goals:

- incentivize executives to achieve important corporate and personal performance objectives and reward them when such objectives are met;
- recruit and subsequently retain highly qualified executive officers by offering overall compensation that is competitive with that offered for comparable positions at Peer Group (as defined below) companies; and
- align the interests of executive officers with the long-term interests of Shareholders through participation in the Company’s stock-based compensation plans.

Currently, the Company’s executive compensation package consists of the following principal components: base salary, annual incentive bonus, various health plan benefits, registered retirement savings plan (“RRSP”) matching for Canadian NEOs, and long-term incentives in the form of stock options and restricted share units.

The following table summarizes the different elements of the Company’s total compensation package.

COMPENSATION ELEMENT	OBJECTIVE	KEY FEATURE
Base Salary	Provide a fixed level of cash compensation for performing day-to-day responsibilities.	Actual increases are based on individual performance.
Annual Incentive Plan	Reward for short-term performance against corporate, and individual goals.	Actual payout depends on performance against corporate and individual goals. Minimum Company performance needs to be met before a payout occurs.
Stock Options	Align management interests with those of Shareholders, encourage retention and reward long-term Company performance.	Stock option grants generally vest over 2 years, with one-third vesting on the date of grant and one-third on each of the first and second anniversaries of the date of grant. Stock option grants generally have a 5-year life.
Restricted Share Units (“RSUs”)	Align management interests with those of Shareholders, encourage retention and reward long-term Company performance.	RSU grants generally vest over a period of 2 years with one-third of the RSUs vesting on the date of grant and one-third on each of the first and second anniversaries of the date of grant.
Retirement Plans: RRSP (Canadian employees)	Provide retirement savings.	RRSP – Company matches 100% of the employee’s contribution up to 5% of base salary.
Health Plan Benefits	Provide security to employees and their dependents pertaining to health and welfare risks.	Coverage includes medical and dental benefits, short- and long-term disability insurance, life insurance and employee assistance plan.

Annual Compensation Decision-Making Process

Each year, the executive team establishes goals and initiatives for the upcoming year that include key priorities. The CEO presents these goals and initiatives to the Board for approval. Similarly, the CEO and the Chair of the Compensation Committee work together to establish goals for the CEO for the upcoming fiscal year and the CEO follows a process similar to the other NEOs.

Performance relative to these goals is reviewed at year-end and performance ratings are determined for the Company by the Board, for the CEO by the Compensation Committee and for each of the other NEOs by the CEO. These performance ratings are used in making decisions and calculations related to base salary increases, annual incentive payouts and stock-based grants.

The Board can exercise discretion in determining the appropriate performance rating for the Company and executive officers based on their evaluation of performance against goals set at the beginning of the year.

The Compensation Committee makes a recommendation to the Board regarding the CEO's base salary, annual incentive payout and stock-based grant. The Compensation Committee also reviews the performance and compensation recommendations for the NEOs by the CEO and makes the final determination regarding the same. In 2019, the Compensation Committee reviewed the performance of both the CEO and CFO given the small size of the executive team and made a recommendation to the Board.

Base salary increases are effective January 1st of each year and annual incentive payments are usually paid out shortly after each performance cycle. The Company's performance cycle is aligned with its fiscal year end.

Consideration of Previous Advisory Vote on Executive Compensation

The Company conducted an advisory vote on executive compensation, commonly referred to as a "Say on Pay" proposal in 2019. The Shareholders voted in favour of a non-binding resolution approving the compensation of the Company's Named Executive Officers. The Compensation Committee took this vote result into account when reviewing compensation for our executive officers. The Shareholders voted for the non-binding Shareholder vote on compensation of the Company's NEOs to occur every three years. In accordance with Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Section 14A of the Exchange Act and the vote by Shareholders as to frequency in 2019, the Company will conduct its next advisory vote on executive compensation in 2022.

Risk Assessment of Compensation Policies and Practices

Annually, the Compensation Committee conducts a risk assessment of the Company's compensation policies and practices as they apply to all employees, including all executive officers. The design features and performance metrics of the Company's cash and stock-based incentive programs along with the approval mechanisms associated with each were evaluated to determine whether any of these policies and practices would create risks that are reasonably likely to have a material adverse effect on the Company.

As part of the review, the following characteristics of the Company's compensation policies and practices were noted as being characteristics that the Company believes reduce the likelihood of risk-taking by the Company's employees, including the Company's officers and non-officers:

- The Company's compensation mix is balanced among fixed components such as salary and benefits, annual incentive payments and long-term incentives, including RSUs and stock options.
- The Compensation Committee, under its charter (which is available on the Company's website at www.trilogymetals.com), has the authority to retain any advisor it deems necessary to fulfill its obligations and has engaged the Compensation Consultant. The Compensation Consultant assists the Compensation Committee in reviewing executive compensation and provides advice to the Committee on an as needed basis.
- The annual incentive program for the executive management team, which includes each of the NEOs, is approved by the Board. Individual payouts are based on a combination of financial metrics as well as qualitative and discretionary factors.
- Stock-based awards are all recommended by the Compensation Committee and approved by the Board.
- The Board approves the compensation for the President and CEO based upon a recommendation by the Compensation Committee comprised of all independent directors.
- A "Say on Pay" proposal is put before the Shareholders every three years.
- The nature of the business in which the Company operates requires some level of risk taking to achieve reserves and development of mining operations in the best interest of all stakeholders. Consequently, the

executive compensation policies and practices have been designed to encourage actions and behaviours directed towards increasing long term value while modifying and limiting incentives that promote excessive risk taking.

Based on this assessment, it was concluded that the Company’s compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

NEOs and directors are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Peer Group

The Company retains the Compensation Consultant to assist the Compensation Committee in determining compensation levels for each of the three main components for the Company’s directors and NEOs. The Compensation Consultant’s work encompasses a review of the Company’s executive compensation philosophies against a comparable peer group of mining companies using the publicly available filings of peer companies.

A compensation comparator group of mining companies has been developed using the following ideal criteria:

- head office in North America;
- exploration/development phase;
- market cap between C\$175 - 700 million;
- projects focused in North America (or low risk jurisdictions);
- common shares listed on US and/or Canadian stock exchange; and
- stand-alone company with full-time executives in leadership roles.

The Company considers the above selection criteria to be relevant because the criteria reflect the types of companies and the market in which the Company primarily competes for talent.

Based upon considerations of company size, stage of development and operating jurisdictions, the following peer comparators were selected.

Alexco Resource Corp.	Premier Gold Mines Ltd.
Corvus Gold Inc.	Polymet Mining, Inc.
Excelsior Mining Corp.	Sabina Gold & Silver Corp.
Gold Standard Ventures Corp.	Seabridge Gold Inc.
Josemaria Resources Inc. (formerly, NGEx Resources Inc.)	TMAC Resources Inc.
Nevada Copper Corp.	Victoria Gold Corp.
Osisko Mining Inc.	Wesdome Gold Mines Ltd.
Midas Gold Corp.	

(collectively, the “Peer Group”)

Compensation Elements

After compiling information based on salaries, bonuses and other types of cash and equity-based compensation programs obtained from the public disclosure records of the Peer Group, the Compensation Consultant reported its findings to the Compensation Committee. The Compensation Consultant made recommendations to the Compensation Committee regarding compensation targets for directors and NEOs.

Base Salary

Salaries for executive officers are determined by evaluating the responsibilities inherent in the position held and the individual's experience and past performance, as well as by reference to the competitive marketplace for management talent at other Peer Group companies. The Compensation Committee refers to market information publicly available and information provided by the Compensation Consultant.

The Compensation Consultant matched the executive officers to those individuals performing similar functions at the Peer Group companies. Each of the CEO's and CFO's base salary is targeted between the median and top quartile of the Peer Group. The Company targets base salaries above the median to assist in attracting and retaining the key people that the Company needs to be successful.

Individual performance is evaluated based on goals and initiatives set at the beginning of the year. Management determines a salary increase budget for each year based on market data from consulting companies and considering the Company's financial resources. Using this budget and taking into account individual performance and the individual's position in his or her salary band, management may recommend an increase for one or all NEOs. The Compensation Committee makes a recommendation for any base salary increase, also taking into account the budget set and individual performance.

Base Salary for 2020

As a result of the compensation review conducted in 2019, the Compensation Committee recommended and the Board approved base salary increases for 2020 for the CFO of the Company due to changes in market conditions and the achievements by management. The base salaries for the CFO and former CEO had remained constant from 2012 to 2019.

Annual Incentive Plan

At the end of each fiscal year, the Compensation Committee reviews actual performance against the objectives set by the Company and the NEOs for such fiscal year. The assessment of whether the Company's objectives for the year have been met includes, but is not limited to, considering the quality and measured progress of the Company's exploration projects, raising of capital, strategic opportunities, corporate alliances and similar achievements.

A minimum corporate performance needs to be met prior to any payout.

Annual Incentive Payout for 2019

Discretionary cash bonuses were paid out to the Company's CFO in 2019. The Compensation Committee considered corporate performance and the contributions of the Company's CFO and determined a cash bonus would be awarded for the successful completion of the 2019 corporate goals and in recognition of the Company's stock and financial performance for the year.

The following table outlines the results of the annual incentive calculation for 2019.

Stock-Based Incentive Plans

Stock-based grants are generally awarded to executive officers at the commencement of their employment and periodically thereafter. For annual grants, stock options and/or RSUs are granted based on a review of prior year grants and peer group grants. The purpose of granting stock options and/or RSUs is to assist the Company in compensating, attracting, retaining and motivating directors, officers, employees and consultants of the Company and to closely align the personal interests of such persons to that of the Shareholders. These equity vehicles were chosen because the Company believes that these vehicles best incentivize the team to focus their efforts on increasing shareholder value.

Compensation Committee's Relationship with its Independent Compensation Consultant

The Compensation Committee has engaged the Compensation Consultant to provide specific support to the Compensation Committee in determining compensation for the Company's officers and directors, including during

the most recently completed fiscal year. Such analysis and advice from the Compensation Consultant includes, but is not limited to, executive compensation policy (for example, the choice of companies to include in the Peer Group and compensation philosophy), total compensation benchmarking for the NEOs, and incentive plan design. In addition, this support in the past has consisted of (i) the provision of general market observations throughout the year with respect to market trends and issues; (ii) the provision of benchmark market data; and (iii) attendance at a Compensation Committee meeting to review market trends and issues and market analysis findings. In 2019, the Compensation Consultant completed a review of the Company's peer group, gathering of market information, commentary on market conditions and executive compensation analysis. Decisions made by the Compensation Committee, however, are the responsibility of the Compensation Committee and may reflect factors and considerations other than the information and recommendations provided by the Compensation Consultant.

The Compensation Committee Chair pre-approves the Statement of Work provided by the Compensation Consultant prior to the start of the annual executive and Director Compensation Reviews or any other project that needs to be completed. The Statement of Work confirms the work that the Compensation Consultant is asked to complete and their fees. The Compensation Committee has assessed the independence of the Compensation Consultant pursuant to SEC rules and concluded that the Compensation Consultant's work for the Compensation Committee does not raise any conflict of interest.

The fees paid to the Compensation Consultant for the services provided during the fiscal year 2019 were C\$27,510.

Pursuant to the employment contract with Mr. Gowans, the Company may terminate the employment contract at any time for just cause, death, or with 14 day's notice. Mr. Gowans may terminate the employment contract with the Company at any time upon providing 30 day's notice.

Deemed termination upon a change of control has occurred if (i) there is a material change (other than a promotion) in Ms. Sanders' position, duties, responsibilities, title or office in effect immediately prior to any change of control; (ii) a material reduction in the Ms. Sanders' base salary in effect immediately prior to any change of control; or (iii) any material breach by the Company of any material provision of the employment agreement.

A change of control means any of the following:

If the employment contract is terminated by Ms. Sanders upon a material breach by the Company, or terminated by the Company for reasons other than just cause, death, or extended inability to perform Ms. Sanders' duties under the employment agreement, the Company is obliged to pay to Ms. Sanders the Severance Payment. An estimate of Severance Payment for Ms. Sanders based on current salary and prior year's earned annual incentive is C\$1,136,860.

The Company is also required to maintain group insurance benefits for Ms. Sanders for a period of 12 months after termination in the circumstances described above or pay to the executive an amount equal to the present value of the Company's cost of providing such benefits.

If the employment agreement is terminated as a result of the Ms. Sanders' permanent or extended inability to perform the Ms. Sanders' duties under the employment agreement, the Company is obligated to pay an amount equal to all accrued and unpaid salary as of the date of termination and a lump sum payment equal to the Ms. Sanders' annual salary at the time of termination.

Other than as set out above, there are no other termination clauses or change of control benefits in the employment agreements, or any other contract, agreement, plan or arrangement entered into with Ms. Sanders.

Ms. Sanders' contract continues indefinitely, unless and until terminated in accordance with the terms of her employment agreement.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The Company has adopted an Equity Incentive Plan, a RSU Plan and a DSU Plan. The intent of these equity plans are to allow the Company to provide a flexible mix of compensation components to attract, retain, and motivate the performance of the participants in alignment with the success of the Company and its Shareholders, to encourage share ownership by executives and directors, and to preserve cash where possible. The Company feels that DSUs align directors' interests to Shareholders more effectively than other equity programs. These equity plans assist to further align the interests of executives and directors with the long term interests of Shareholders.

Equity Incentive Plan Information

The Company currently grants equity under the Equity Incentive Plan for the benefit of the officers, directors, employees and consultants of the Company or any subsidiary company. The purpose of the Equity Incentive Plan is to attract, retain and motivate eligible persons and to align the interests of such persons with those of the Company's shareholders through the incentive inherent in share ownership and by providing them an opportunity to participate in the Company's future performance through awards of options and bonus shares.

The Company believes the Equity Incentive Plan will increase the Company's ability to attract skilled individuals by providing them with the opportunity, through the exercise of stock options and the issuance of bonus shares to benefit from the anticipated growth of the Company. The Board has the authority to determine the directors, officers, employees and consultants to whom options or bonus shares will be granted, the number of options or bonus shares to be granted to each person and the price at which Common Shares may be purchased, subject to the terms and conditions set forth in the Equity Incentive Plan.

Shareholder Approval

Pursuant to TSX Rules, Shareholders must approve all unallocated entitlements issuable pursuant to the Equity Incentive Plan every three years following its institution. Shareholders last approved all unallocated entitlements issuable pursuant to the Equity Incentive Plan in 2018.

Eligible Participants

Under the Equity Incentive Plan, Awards may be granted to directors, officers, employees and consultants of the Company and its subsidiaries and affiliates.

The total number of Common Shares reserved for issuance in connection with Awards granted or that may be granted under the Equity Incentive Plan is 10% of the total number of issued and outstanding Common Shares.

The maximum number of shares issuable to insiders pursuant to the Equity Incentive Plan, together with any shares issued pursuant to any other share compensation arrangement, at any time shall not exceed (i) 10% of the total number of outstanding shares on the date of grant; and (ii) 10% of the total number of outstanding Common Shares within any one-year period. No eligible person may be granted options under the Equity Incentive Plan for more than 15,000,000 Common Shares (subject to adjustment as provided for in the Equity Incentive Plan), in the aggregate in any calendar year, such amount representing approximately 10.7% of the total number of Common Shares outstanding as of the date hereof.

Exercise

Under the terms of the Equity Incentive Plan, upon vesting, options may be exercised by delivery to the Company of a written stock option exercise agreement, together with payment of the exercise price (plus any applicable taxes, including withholding obligations) for the number of shares being purchased.

Cashless Exercise

Under the terms of the Equity Incentive Plan, a “net exercise” feature allows for optionees to receive, at the discretion of the Board, the number of Common Shares having a value equal to the number of Common Shares issuable if such options were exercised multiplied by a quotient, the numerator of which is the result of the market price of one Common Share less the exercise price of one Common Share, and the denominator of which is the market price of one Common Share, without having to pay cash at the time of exercise.

Administration

The Equity Incentive Plan is to be administered by the Compensation Committee appointed by the Board of Directors. Subject to the terms of the Equity Incentive Plan, the Compensation Committee may determine, among other things, the persons to whom Awards may be granted, the number of Awards to be granted to any person, the exercise price and the schedule and dates for vesting of Awards granted. The term of the Awards granted under the Equity Incentive Plan shall be determined by the Compensation Committee, however, in no event shall an option be exercisable during a period extending more than ten years after the date of grant. In addition, the exercise price of an option shall not be less than the greater of market price and fair market value on the date of the grant. In the circumstance where the end of the term falls within, or within ten business days after the end of, a “black out” or similar period imposed under any insider trading policy or similar policy of the Company, the end of the term shall be the tenth business day after the earlier of the end of such black out period or the original expiry date. In no event shall the exercise price of an Award be less than the greater of: (i) the market price, which means the volume weighted average price of the Common Shares on the TSX for the five trading days prior to the date of grant of the option; and (ii) the fair market value, which means the closing price of the Common Shares on the TSX on the last trading day prior to the date of grant of the option.

Share Bonus Plan

Pursuant to the share bonus plan (the “Share Bonus Plan”), the terms of which are included as part of the Equity Incentive Plan, the Board, on the recommendation of the Compensation Committee, shall have the right, subject to the limitations set forth in the Equity Incentive Plan, to issue or reserve for issuance, for no cash consideration, to any eligible person, any number of Common Shares as a discretionary bonus of Common Shares subject to such provisos and restrictions as the Board may determine. The aggregate number of Common Shares that may be issued under the Share Bonus Plan is 1,000,000.

Change of Control

In the event of, among other things, a change of control affecting the Company, the Board of Directors of the Company will notify each awardee under the Equity Incentive Plan of the full particulars of the offer whereupon all options will become vested and may be exercised.

Cessation of Entitlement

If a Director, Officer, employee or consultant ceases to be so engaged by the Company for any reason, they will have the right to exercise any vested Award not exercised prior to such termination within the lesser of six months from the date of the termination or the expiry date of the Award, provided that the Committee retains the discretion to accelerate vesting; provided that if the termination is for just cause the right to exercise the vested Award shall terminate on the date of termination. All non-vested Awards shall terminate on the date of termination.

Incentive Stock Options

An option granted to a U.S. participant shall specify whether such option is an incentive stock option or a nonqualified stock option. The number of shares available for granting incentive stock options under the Equity Incentive Plan shall

not exceed 15,000,000. To the extent that the aggregate Fair Market Value of shares (determined as of the date of grant of the option) with respect to which Incentive Stock Options are exercisable for the first time by a U.S. participant during any calendar year exceeds US\$100,000, or any limitation subsequently set forth in section 422(d) of the Code, such excess shall be considered a nonqualified stock option. An incentive stock option will terminate no later than ten years after the date of grant; provided, however, that in the case of a U. S participant who, at the time of grant, is a 10% shareholder, such incentive stock options will terminate no later than five years after the date of grant.

Amendment

The Board may, from time to time, subject to applicable law and the rules of the TSX, but without shareholder approval, suspend, terminate, or amend the Equity Incentive Plan or any option granted thereunder for the purposes of (i) making minor or technical modifications, (ii) to correct any ambiguity, defective provisions, error or omission in the provisions of the Equity Incentive Plan, (iii) to change any vesting provisions of the options, (iv) to change the termination provisions of the options provided it does not entail an extension beyond the original expiry date of the options, (v) to add or change provisions relating to any form of financial assistance provided that would facilitate the purchase of options, (vi) to add a cashless exercise feature providing for the payment in cash or securities upon the exercise of options, (vii) subject to the restrictions below, to extend the term or reduce the exercise price of any option previously granted in accordance with Equity Incentive Plan terms, or (viii) to reduce the allocation of shares to the Share Bonus Plan issuable under the Equity Incentive Plan or; and the Board, absent prior approval of the Shareholders of Trilogy and the TSX or any regulatory body having authority over the Company, will not be entitled to: (i) increase the maximum number of Common Shares issuable by the Company pursuant to the Equity Incentive Plan; (ii) amend an option grant for an option held by an insider to effectively reduce the exercise price or extend the expiry date of such options; (iii) permit options granted under the Equity Incentive Plan to be transferable or assignable other than for normal estate settlement purposes; (iv) to reduce the allocation of Common Shares to the Share Bonus Plan; or (v) make any change to the amendment provisions of the Equity Incentive Plan.

Transferability

Awards under the Equity Incentive Plan are not transferable or assignable by the participant, otherwise then by will or operation of law.

Certain United States Federal Income Tax Consequences

The following is a summary of the principal U.S. federal income tax consequences generally applicable to Awards made under the Equity Incentive Plan. The following description applies to Awards that are subject to U.S. federal income tax.

Grant of Options

The grant of an option is not expected to result in any taxable income to the recipient.

Exercise of Options

Upon exercising a non-qualified stock option, the optionee must recognize ordinary income equal to the excess of the fair market value of the Common Shares acquired on the date of exercise over the exercise price, and the Company generally will be entitled at that time to an income tax deduction for the same amount, subject to the general rules concerning deductibility of compensation, including the limitations under Code Section 162(m). If an option is an incentive stock option (an "ISO"), its holder generally will have no taxable income upon exercising the option (except that an alternative minimum tax liability may arise), and the Company will not be entitled to a U.S. income tax deduction.

Disposition of Shares Acquired Upon Exercise of Options

The tax consequence upon a disposition of shares acquired through the exercise of an option will depend on how long the shares have been held and whether the shares were acquired by exercising an ISO or by exercising a non-qualified stock option. Generally, there will be no tax consequence to the Company in connection with the disposition of shares acquired under an option, except that the Company may be entitled to an income tax deduction in the case of the

disposition of shares acquired under an ISO before the applicable ISO holding periods set forth in the U.S. Internal Revenue Code of 1986, as amended (the “Code”) have been satisfied.

If, as usually is the case, the Common Shares acquired upon exercise of a non-qualified stock option are a capital asset in the participant’s hands, any additional gain or loss recognized on a subsequent sale or exchange of the Common Shares will not be ordinary income but will qualify as capital gain or loss. Provided that an optionee holds the Common Shares received upon exercise of an ISO for more than two years from the date of grant and more than one year from the date the ISO was exercised, the difference, if any, between the amount realized on a sale or other taxable disposition and the optionee’s tax basis will be long-term capital gain or loss.

Awards Under the Share Bonus Plan

If an Award is payable in Common Shares that are subject to a substantial risk of forfeiture, unless a special election is made by the holder of the award under the Code, the holder must recognize ordinary income equal to the fair market value of the Common Shares received (determined as of the first time the Common Shares become transferable or not subject to substantial risk of forfeiture, whichever occurs earlier).

The holder’s basis for the determination of gain or loss upon the subsequent disposition of Common Shares acquired under the Share Bonus Plan will be the amount ordinary income recognized either when the Common Shares are received or when the Common Shares are vested. The Company will generally be entitled at that time to an income tax deduction for the same amount, subject to the rules of Section 162(m) of the Code. As to other Awards granted under the Share Bonus Plan that are payable in Common Shares not subject to substantial risk of forfeiture, the holder of the Award must recognize ordinary income equal to the fair market value of the Common Shares received (determined as of the date such shares are received). The Company generally will be entitled at that time to an income tax deduction for the same amount, subject to the rules of Section 162(m) of the Code.

RSU Plan

Eligible Participants

The RSU Plan is administered by the Compensation Committee of the Board. Employees, directors and eligible consultants of the Company and its designated subsidiaries are eligible to participate in the RSU Plan. In accordance with the terms of the RSU Plan, the Company, under the authority of the Board of Directors through the Committee, will approve those employees, directors and eligible consultants who are entitled to receive RSUs and the number of RSUs to be awarded to each participant. RSUs awarded to participants are credited to them by means of an entry in a notional account in their favour on the books of the Company. Each RSU awarded conditionally entitles the participant to receive one Common Share (or the cash equivalent) upon attainment of the RSU vesting criteria.

Shareholder Approval

Pursuant to TSX Rules, Shareholders must approve all unallocated entitlements issuable pursuant to the RSU Plan every three years following its institution. Shareholders last approved all unallocated entitlements issuable pursuant to the RSU Plan in 2019.

Vesting

The vesting of RSUs is conditional upon the expiry of a time-based vesting period. The duration of the vesting period and other vesting terms applicable to the grant of the RSUs shall be determined at the time of the grant by the Compensation Committee.

Once the RSUs vest, the participant is entitled to receive the equivalent number of underlying Common Shares or cash equal to the Market Value of the equivalent number of Common Shares. The vested RSUs may be settled through the issuance of Common Shares from treasury, by the delivery of Common Shares purchased in the open market, in cash or in any combination of the foregoing (at the discretion of the Company). If settled in cash, the amount shall be equal to the number of Common Shares in respect of which the participant is entitled multiplied by the Market Value of a Common Share on the payout date. Market Value per share is defined in the RSU Plan and means, as at any date (if the Common Shares are listed and posted for trading on the TSX), the arithmetic average of the closing price of the Common Shares traded on the TSX for the five (5) trading days on which a board lot was traded immediately preceding

such date. The RSUs may be settled on the payout date, which shall be the third anniversary of the date of the grant or such other date as the Compensation Committee may determine at the time of the grant, which in any event shall be no later than the expiry date for such RSUs. The expiry date of RSUs will be determined by the Committee at the time of grant. However, the maximum term for all RSUs is two years after the participant ceases to be an employee or eligible consultant of the Company. All unvested or expired RSUs are available for future grants.

Maximum Number of Common Shares Issued

RSUs may be granted in accordance with the RSU Plan provided the aggregate number of RSUs outstanding pursuant to the RSU Plan from time to time shall not exceed 3% of the number of issued and outstanding Common Shares from time to time.

The RSU Plan provides that the maximum number of Common Shares issuable to insiders (as that term is defined by the TSX) pursuant to the RSU Plan, together with any Common Shares issuable pursuant to any other security-based compensation arrangement of the Company, will not exceed 10% of the total number of outstanding Common Shares. In addition, the maximum number of Common Shares issued to insiders under the RSU Plan, together with any Common Shares issued to insiders pursuant to any other security-based compensation arrangement of the Company within any one-year period, will not exceed 10% of the total number of outstanding Common Shares.

Cessation of Entitlement

Unless otherwise determined by the Company in accordance with the RSU Plan, RSUs which have not vested on a participant's termination date shall terminate and be forfeited. If a participant who is an employee ceases to be an employee as a result of termination of employment without cause, in such case, at the Company's discretion (unless otherwise provided in the applicable Grant Agreement), all or a portion of such participant's RSUs may be permitted to continue to vest, in accordance with their terms, during any statutory or common law severance period or any period of reasonable notice required by law or as otherwise may be determined by the Company in its sole discretion. All forfeited RSUs are available for future grants.

Transferability

RSUs are not assignable or transferable other than by operation of law, except, if and on such terms as the Company may permit, to a spouse or minor children or grandchildren or a personal holding company or family trust controlled by a participant, the sole shareholders or beneficiaries of which, as the case may be, are any combination of the participant, the participant's spouse, minor children or minor grandchildren, and after the participant's lifetime shall enure to the benefit of and be binding upon the participant's designated beneficiary, on such terms and conditions as are appropriate for such transfers to be included in the class of transferees who may rely on a Form S-8 registration statement under the U.S. Securities Act of 1933, as amended, to sell Common Shares received pursuant to the RSU.

Amendments to the RSU Plan

The Board may, at any time and from time to time, without shareholder approval, amend the RSU Plan or any provisions thereof in such manner as the Board, in its sole discretion, determines appropriate including, without limitation for the purposes of making formal minor or technical modifications to any of the provisions of the RSU Plan, to correct any ambiguity, defective provision, error or omission in the provisions of the RSU Plan, to change the vesting provisions of RSUs, to change the termination provisions of RSUs or the RSU Plan that does not entail an extension beyond the original expiry date of the RSU, to preserve the intended tax treatment of the benefits provided by the RSU Plan, as contemplated therein, or any amendments necessary or advisable because of any change in applicable laws; provided, however, that no such amendment of the RSU Plan may be made without the consent of each affected participant if such amendment would adversely affect the rights of such affected participant(s) under the RSU Plan, and shareholder approval shall be obtained in accordance with the requirements of the TSX for any amendment that results in (i) an increase in the maximum number of Common Shares issuable pursuant to the RSU Plan other than as already contemplated in the RSU Plan; (ii) an extension of the expiry date for RSUs granted to insiders under the RSU Plan; (iii) other types of compensation through Common Share issuance; (iv) expansion of the rights of a participant to assign RSUs beyond what is currently permitted in the RSU Plan; or (v) the addition of new categories of participants, other than as already contemplated in the RSU Plan.

Certain United States Federal Income Tax Consequences

The following is a summary of the principal U.S. federal income tax consequences generally applicable to RSUs awarded under the RSU Plan. The following description applies to RSUs that are subject to U.S. federal income tax. The grant of RSUs should not result in taxable income to the Participant at the time of grant. When RSUs are paid out, the Participant will recognize ordinary income equal to the fair market value of the Common Shares and cash received in settlement of the RSUs, and the Company will be entitled at that time to a corporate income tax deduction (for U.S. federal income tax purposes) for the same amount, subject to the general rules concerning deductibility of compensation, including the limitations under Code Section 162(m). A Participant's basis in any Common Shares received will equal the fair market value of the Common Shares at the time the Participant recognized ordinary income. If, as usually is the case, the Common Shares are a capital asset in the Participant's hands, any additional gain or loss recognized on a subsequent sale or exchange of the Common Shares will not be ordinary income but will qualify as capital gain or loss.

DSU Plan

Summary of the Plan

The DSU Plan provides that non-executive directors may elect to receive up to 50% of their Annual Base Compensation in DSUs. A DSU is a unit credited to a participant in the DSU Plan by way of a bookkeeping entry in the books of the Company, the value of which is equivalent to a Common Share. All DSUs paid with respect to Annual Base Compensation will be credited to the director by means of an entry in a DSU Account when such Annual Base Compensation is payable. The director's DSU Account will be credited with the number of DSUs determined by dividing the dollar amount of compensation payable in DSUs on the payment date by the Share Price of a Common Share at the time. Share Price is defined in the DSU Plan and means (if the Common Shares are listed and posted for trading on the TSX) the closing price of a Common Share on the TSX averaged over the five (5) consecutive trading days immediately preceding the date of grant or the redemption date, as the case may be. Fractional Common Shares will not be issued and any fractional entitlements will be rounded down to the nearest whole number.

Additionally, the Board may award such number of DSUs to a non-executive director as the Board deems advisable to provide the director with appropriate equity-based compensation for the services he or she renders to the Company. The Board shall determine the date on which such DSUs may be granted and the date as of which such DSUs shall be credited to the director's DSU Account. The Company and a director who receives such an additional award of DSUs shall enter into a DSU award agreement to evidence the award and the terms applicable thereto.

Generally, a participant in the DSU Plan shall be entitled to redeem his or her DSUs during the period commencing on the Termination Date and ending on the 90th day following the Termination Date, provided, however that for U.S. Eligible Participants, redemption will be made upon such Participant's "separation from service" as defined under Internal Revenue Code Section 409A. Redemptions under the DSU Plan may be in Common Shares issued from treasury, may be purchased by the Company on the open market for delivery to the director, may be settled in cash or any combination of the foregoing.

Shareholder Approval

Pursuant to TSX Rules, Shareholders must approve all unallocated entitlements issuable pursuant to the DSU Plan every three years following its institution. Shareholders last approved all unallocated entitlements issuable pursuant to the DSU Plan in 2019.

Maximum Number of Common Shares Issued

DSUs may be granted in accordance with the DSU Plan, provided the aggregate number of DSUs outstanding pursuant to the DSU Plan from time to time does not exceed 2% of the issued and outstanding Common Shares from time to time.

The DSU Plan provides that the maximum number of Common Shares issuable to insiders (as that term is defined by the TSX) pursuant to the DSU Plan, together with any Common Shares issuable pursuant to any other security-based compensation arrangement of the Company, will not exceed 10% of the total number of outstanding Common Shares. In addition, the maximum number of Common Shares issued to insiders under the DSU Plan, together with any

Common Shares issued to insiders pursuant to any other security-based compensation arrangement of the Company within any one year period, will not exceed 10% of the total number of outstanding Common Shares.

Transferability

No right to receive payment of deferred compensation or retirement awards shall be transferable or assignable by any participant under the DSU Plan except by will or laws of descent and distribution.

Amendments to the DSU Plan

The Board may at any time, and from time to time, and without shareholder approval, amend any provision of the DSU Plan, subject to any regulatory or stock exchange requirement at the time of such amendment, including, without limitation for the purposes of making formal minor or technical modifications to any of the provisions of the DSU Plan including amendments of a “clerical” or “housekeeping” nature, to correct any ambiguity, defective provision, error or omission in the provisions of the DSU Plan, amendments to the termination provisions of the DSU Plan, amendments necessary or advisable because of any change in applicable laws, amendments to the transferability of DSUs, amendments relating to the administration of the DSU Plan, or any other amendment, fundamental or otherwise, not requiring shareholder approval under applicable laws; provided, however, that no such amendment of the DSU Plan may be made without the consent of each affected participant in the DSU Plan if such amendment would adversely affect the rights of such affected participant(s) under the DSU Plan, and shareholder approval shall be obtained in accordance with the requirements of the TSX for any amendment (i) to increase the maximum number of Common Shares which may be issued under the DSU Plan; (ii) to the amendment provisions of the DSU Plan; or (iii) to the definition of “Participant”.

Certain United States Federal Income Tax Consequences

The following is a summary of the principal U.S. federal income tax consequences generally applicable to DSUs awarded under the DSU Plan. The following description applies to DSUs that are subject to U.S. federal income tax. The grant of DSUs and the crediting of DSUs to a Director’s DSU Account should not result in taxable income to the Director at the time of grant. When DSUs are paid out, the Director will recognize ordinary income equal to the fair market value of the Common Shares and cash received in settlement of the DSUs, and the Company will be entitled at that time to a corporate income tax deduction (for U.S. federal income tax purposes) for the same amount, subject to the general rules concerning deductibility of compensation, including the limitations under Code Section 162(m). A Director’s basis in any Common Shares received will equal the fair market value of the Common Shares at the time the Director recognized ordinary income. If, as usually is the case, the Common Shares are a capital asset in the Director’s hands, any additional gain or loss recognized on a subsequent sale or exchange of the Common Shares will not be ordinary income but will qualify as capital gain or loss. To the extent that a Director’s DSUs are subject to U.S. federal income tax and to taxation under the *Income Tax Act* (Canada), DSUs awarded under the DSU Plan are intended to comply with Section 409A of the Internal Revenue Code and to avoid adverse tax consequences under paragraph 6801(d) of the regulations under the *Income Tax Act* (Canada). To that end, the DSU Plan contains certain forfeiture provisions that could apply to DSUs awarded under the DSU Plan in limited circumstances.

DIRECTOR COMPENSATION

Non-executive directors each are eligible to receive an annual retainer of \$40,000 in cash of which each director can elect to receive 50% of their annual retainer in DSUs. The cash retainer is paid quarterly in arrears. In addition, the Chair of the Audit Committee receives \$10,000 and the Chairs of the Compensation and Governance, Corporate Communications and EHST Committees of the Board each receive \$5,000 annually and the Board Chair receives \$12,000 annually, all paid on a quarterly basis. Each director is entitled to participate in any security-based compensation arrangement or other plan adopted by the Company from time to time with the approval of the Company's Board. The directors are reimbursed for expenses incurred on the Company's behalf. Executive officers who are also directors do not collect Board fees. Board members are eligible to participate in the Equity Incentive, RSU and DSU Plans. No additional fees are paid to directors. Director compensation is subject to review and possible change on an annual basis.

During fiscal 2019, non-executive directors were granted 525,000 stock options on December 5, 2018 at an exercise price of C\$2.94 all exercisable for a period of five years. These stock options were all fully vested on the grant date.

The Compensation Committee periodically reviews the adequacy and form of the compensation of directors and ensures that the compensation realistically reflects the responsibilities and risks involved in being an effective director, and reports and makes recommendations to the Board accordingly. In 2019, the Compensation Committee did not perform an independent third party review of directors compensation as an extensive review was completed by the Compensation Consultant in the prior year. No changes were made to the director's compensation program during fiscal 2019.

DSU Plan for Directors

The DSU Plan has been established by the Company to promote the interests of the Company by attracting and retaining qualified persons to serve on the Board. In an effort to preserve cash and to build share ownership, the Directors can elect to receive in DSUs 50% of their annual retainer by completing and delivering a written election to the Company on or before November 15th of the calendar year ending immediately before the calendar year with respect to which the election is made. Such election will be effective with respect to compensation payable for calendar quarters beginning during the calendar year following the date of such election. Almost all of the directors elected to receive in DSUs 50% of their annual retainer. Directors are not eligible to redeem the DSUs until they retire from the Company. This plan was originally approved by the Board on November 29, 2012 and the Company's Shareholders on May 21, 2013.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board is committed to sound corporate governance practices, which are both in the interest of Shareholders and contribute to effective and efficient decision making. As part of the Company's commitment to effective corporate governance, the Board, with the assistance of the Audit and Corporate Governance and Nominating Committees, monitors changes in legal requirements and best practices.

Set out below is a description of certain corporate governance practices of the Company, as required by National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“NI 58-101”) and recommended by National Policy 58-201 – *Corporate Governance Guidelines* (“NP 58-201”).

Board of Directors

NP 58-201 recommends that boards of directors of reporting issuers be composed of a majority of independent directors. The Board is currently comprised of eight directors, a majority of whom (7) are independent. Messrs. Giardini, Hayden, Hensley, Lang, Madhavpeddi, and Mmes. Stairs and Walters are considered to be “independent” directors for the purposes of NI 58-101, under the applicable NYSE American standards and SEC rules. Mr. Gowans is not independent at present time as he currently serves as an interim executive officer of the Company. The Company has taken steps to ensure that adequate structures and processes are in place to permit the Board to function independently of management. The Board holds regular meetings every three months. Between the scheduled meetings, the Board meets as required. A total of eleven board meetings have been held since December 1, 2018, being the beginning of the Company’s most recently completed financial year. All of the directors attended more than 90 percent of the aggregate of the total number of meetings of the Board and subcommittees of the Board on which he/she served. For additional information on Board and other committee meeting attendance, see the director biographies under “Information Concerning the Board of Directors, Director Nominees and Executive Officers”.

The Company’s independent directors are expected to meet at least annually in executive session without the presence of non-independent directors and management. Also, in order to facilitate open and candid discussion among independent directors, from time to time as circumstances dictate, the non-independent directors and any representatives of management in attendance at meetings of the Board are excused. At the end of regularly scheduled Board meetings, the directors regularly meet in-camera without management present. Since December 1, 2018, the independent directors held a total of six such in-camera meetings.

The Board members are not required to attend the annual and special meeting of Shareholders.

The Board has four standing committees: Compensation, Audit, Corporate Governance and Nominating, and Environment, Health, Safety and Technical. Special committees are formed as needed.

Ethical Business Conduct

The Board has adopted a Code of Business Conduct and Ethics (the “Code”) for the Company’s directors, officers and employees, as well as a Code of Conduct for Chief Executive and Senior Financial Officers (the “Senior Officer Code”) for the Company’s Chief Executive Officer, Chief Financial Officer and Corporate Controller. Copies of the Code and the Senior Officer Code are available on the Company’s website at www.trilogymetals.com, on SEDAR at www.sedar.com, and may be obtained by contacting the Company at the address given under “Additional Information” at the end of this Circular. The Company intends to disclose on its website or by filing a Form 8-K, any change to, or waivers from, the Senior Officer Code or the Code that relates to any element of “code of ethics” enumerated in Item 406(b) in Regulation S-K or otherwise required by the rules of the NYSE American.

The Company has appointed the Company’s Chief Financial Officer to serve as the Company’s Ethics Officer to ensure adherence to the Code. Under the Code, directors, officers and employees are required to disclose any actual or potential conflict of interest to the Company’s Ethics Officer or the Chair of the Audit Committee. Under the Code, no director, officer or employee shall:

- be a consultant to, or a director, officer or employee of, or otherwise operate an outside business that:
 - competes with the Company;
 - supplies products or services to the Company; or
 - purchases products or services from the Company;
- have any financial interest, including significant stock ownership, which means 10% or more of the common stock, in any entity with which the Company does business that might create or give the appearance of a conflict of interest;

- seek or accept any personal loan or services from any entity with which the Company does business, except from financial institutions or service providers offering similar loans or services to third parties under similar terms in the ordinary course of their respective businesses;
- be a consultant to, or a director, officer or employee of, or otherwise operate an outside business, if the demands of the outside business would interfere with the director's, officer's or employee's responsibilities to the Company;
- accept any personal loan or guarantee of obligations from the Company, except to the extent such arrangements are legally permissible; or
- conduct business on behalf of the Company with immediate family, which includes spouses, children, parents, siblings and persons sharing the same home, whether or not legal relatives.

The Code also describes how the Company is committed to honest and ethical conduct by all directors, officers, employees and other representatives, providing full, accurate, timely and understandable disclosure and compliance with all laws, rules and regulations.

The Company has also established a Whistle Blower Policy whereby the Board has delegated the responsibility of monitoring complaints regarding accounting, internal controls or auditing matters to the Audit Committee. Monitoring of accounting, internal control and auditing matters, as well as violations of the law, the Code and other Company policies or directives, occurs through the reporting of complaints or concerns through an anonymous whistleblower hotline accessible by telephone, fax or internet.

Certain of the Company's directors serve as directors or officers of other reporting issuers or have significant shareholdings in other companies. To the extent that such other companies may participate in business ventures in which the Company may participate, the directors may have a conflict of interest in negotiating and concluding terms respecting the extent of such participation. In the event that such a conflict of interest arises at a meeting of the Board, a director who has such a conflict will abstain from voting for or against the approval of such participation or such terms and such director will not participate in negotiating and concluding terms of any proposed transaction. Any director or officer who may have an interest in a transaction or agreement with the Company is required to disclose such interest and abstain from discussions and voting in respect to same if the interest is material or if required to do so by corporate or securities law.

The Company provides orientation in matters material to the Company’s business and in areas outside of the specific expertise of the Board members. Historically, all new members of the Board have been experienced in the mining sector so no general mining orientation has been necessary.

Continuing education helps directors keep up to date on changing governance issues and requirements and legislation or regulations in their field of experience. The Board recognizes the importance of ongoing education for the directors and senior management of the Company and the need for each director and officer to take personal responsibility for this process. To facilitate ongoing education, the CEO or the Board may from time to time, as required:

- request that directors or officers determine their training and education needs;

- arrange visits to the Company’s projects or operations;
- arrange funding for the attendance at seminars or conferences of interest and relevance to their position; and
- encourage participation or facilitate presentations by members of management or outside experts on matters of particular importance or emerging significance.

During 2019, directors participated in Company provided educational sessions and received educational materials on the topics outlined below.

August 9, 2019	SEC Disclosure Updates	Dorsey & Whitney LLP	Board of Directors

The Board also encourages senior management to participate in professional development programs and courses and supports management’s commitment to training and developing employees.

Board’s Role in Risk Oversight

While Company management is charged with the day-to-day management of risks the Company faces including credit risk, liquidity risk and operational risk, as well as cybersecurity risk, the Audit Committee, pursuant to its charter, is responsible for oversight of risk management. Oversight begins with the Board of Directors and the Audit Committee. The Audit Committee consists of three independent directors. The Audit Committee reviews and assesses the adequacy of the Company’s risk management policies and procedures with regard to identification of the Company's principal risks, both financial and non-financial, and reviews updates on these risks from Company management. The Audit Committee also reviews and discusses policies with respect to risk assessment and risk management. The Audit Committee also has oversight responsibility with respect to the integrity of the Company’s financial reporting process and systems of internal control regarding finance, accounting and financial statements. In addition, the Audit Committee is charged with the responsibility of evaluating related party transactions and conflicts of interest. The Audit Committee reports periodically to the Board regarding the foregoing matters, and the Board ultimately approves any changes in corporate policies, including those pertaining to risk management.

The Board leadership structure promotes effective oversight of the Company's risk management for the same reasons that the structure is most effective for the Company in general, that is, by providing the Chief Executive Officer and other members of senior management with the responsibility to assess and manage the Company's day-to-day risk exposure and providing the Board, and specifically the Audit Committee of the Board, with the responsibility to oversee these efforts of management.

Anti-Hedging and Anti-Pledging Policy

Directors and all employees, including our executive officers, are prohibited from engaging in hedging transactions with respect to our securities. “Hedging transactions” can be accomplished through a number of possible mechanisms, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds or through other transactions that hedge or offset, or are designed to hedge or offset, any decrease in the market value of our securities. Because hedging transactions might permit a director or employee, including our executive officers, to continue to own our securities, whether obtained through our equity compensation plans or otherwise, without the full rewards and risks of ownership, such hedging transactions are prohibited.

We also prohibit our directors, executive officers and certain of our other employees that are subject to the pre-clearance procedures of our Insider Trading Policy from holding our securities in margin accounts or otherwise pledging our securities for a loan. Additionally, we prohibit our directors and employees, including our executive

officers, from engaging in short sales of our securities and purchasing and selling put options, call options or other such derivative securities relating to our securities.

Shareholder Communications to the Board

Shareholders who are interested in communicating directly with members of the Board, or the Board as a group, may do so by writing directly to the individual Board member c/o Blake, Cassels & Graydon LLP, Corporate Secretary, Elaine M. Sanders, Trilogy Metals Inc. Suite 2600, 595 Burrard Street, Vancouver, British Columbia, Canada, V7X 1L3. The Company's Secretary will forward communications directly to the appropriate Board member. If the correspondence is not addressed to the particular member, the communication will be forwarded to a Board member to bring to the attention of the Board. The Company's Secretary will review all communications before forwarding them to the appropriate Board member. The Board has requested that items unrelated to the duties and responsibilities of the Board, such as junk mail and mass mailings, business solicitations, advertisements and other commercial communications, surveys and questionnaires, and resumes or other job inquiries, not be forwarded.

Audit Committee and Audit Committee Financial Expert

The Board has appointed an Audit Committee to assist the Board in monitoring (i) the integrity of the financial statements of the Company, (ii) the independent auditor's qualifications and independence, (iii) the performance of the Company's internal financial controls and audit function and the performance of the independent auditors, and (iv) the compliance by the Company with legal and regulatory requirements. The members of the Audit Committee are elected annually by the Board at the annual organizational meeting. The members of the Audit Committee shall meet the independence and experience requirements of the NYSE American and Section 10A(m)(3) of the Exchange Act and the rules and regulations of the SEC. At least one member of the Audit Committee shall be an "audit committee financial expert" as defined by the SEC. The Company's Audit Committee consists of fully independent members and the Company's "audit committee financial expert" is Tony Giardini. The Audit Committee meetings are held quarterly at a minimum. The Audit Committee met four times in the year ended November 30, 2019. The Company's Audit Committee Charter is available on the Company's website at www.trilogymetals.com.

Corporate Governance and Nominating Committee

The Board is responsible for approving directors for nomination and election and filling vacancies among the directors. In all cases, the Board will consider the recommendations of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee consists of Janice Stairs (Chair), Gregory Lang and Diana Walters. All members of the Corporate Governance and Nominating Committee are independent under applicable NYSE American requirements. The Corporate Governance and Nominating Committee met four times in the year ended November 30, 2019.

The Corporate Governance and Nominating Committee Charter, which can be found on the Company's website at www.trilogymetals.com, states that the Corporate Governance and Nominating Committee will assist the Board by (i) recommending, annually, the members proposed for reelection to the Board and identifying and recommending new nominees; (ii) recommending to the Board, on an annual basis, director nominees for each Board committee; (iii) in consultation with the Board, establishing criteria for Board membership and recommending Board composition; and (iv) developing and overseeing a process for director succession, including reviewing and assessing new candidates for appointment or nomination to the Board.

Director Nomination Policies

The Corporate Governance and Nominating Committee is responsible for reviewing any Shareholder proposals to nominate Board candidates. Shareholders may submit names of persons to be considered for nomination, and the Corporate Governance and Nominating Committee will consider such persons in the same way it evaluates other individuals for nomination as a new director. For the Company's policies regarding Shareholder requests for nominations, see the section entitled "Shareholder Proposals" in this Circular. None of the current nominees were nominated by a Shareholder pursuant to a shareholder proposal.

Annually, the Corporate Governance and Nominating Committee follows a process designed to consider the reelection of existing directors and, if applicable, to seek individuals qualified to become new Board members for recommendation to the Board to fill any vacancies. The Committee believes candidates for the Board of Directors

should have the ability to exercise objectivity and independence in making informed business decisions and extensive knowledge in the mining industry, finance and other areas, and in particular, experience with regards to exploration and development of mineral properties, financial reporting, risk management and business strategy. With respect to nominating existing directors, the Committee reviews relevant information available to it and assesses each individual's continued ability and willingness to serve as a director. The Committee also assesses each person's contribution in light of the mix of skills and experience the Committee deems appropriate for the Board.

With respect to establishing criteria for Board membership and recommending the composition of the Board, the Corporate Governance and Nominating Committee is required by its charter to consider diversity in experience and perspectives in addition to general skills and competencies. Also, of consideration and interest are the experiences that personal diversity, including ethnicity, gender and education, can add to the Board.

Board Renewal

Director term limits were considered by both the Corporate Governance and Nominations Committee and the Board and the Board has determined to not adopt a mandatory tenure or retirement age policy at this time. To ensure adequate board renewal, the Corporate Governance and Nominations Committee is responsible for conducting an annual assessment of the Board. The assessment includes an evaluation of the tenure and performance of individual directors and a review of the composition and effectiveness of the Board and its committees. Assessments include a review of skills and competencies, both universal, which are important for all Board members to possess, and collective, which are important for one or more Board members to possess for the effective stewardship of the Company. Assessment will also consider whether there are sufficient diversity on the Board and its committees. The results of the annual assessment are reported to the Board along with any recommendations from the Corporate Governance and Nominations Committee for improving the composition of the Board.

Diversity Policy

The Company recognizes and embraces the benefits of having a diverse Board and executive team and has developed and the Board has approved a written diversity policy (the "Diversity Policy"). A diverse Board will include and make good use of differences in the skills, regional and industry experience, background, race, gender and other distinctions between directors. These differences will be considered in determining the composition of the Board. All Board and executive appointments are made on merit, in the context of the skills, experience, independence and knowledge which the Board as a whole requires to be effective.

The Corporate Governance and Nominations Committee reviews and assesses Board composition on behalf of the Board and recommends the appointment of new directors. The Corporate Governance and Nominations Committee also oversees the conduct of the annual review of Board effectiveness.

The Board recognizes that gender diversity is a significant aspect of diversity and acknowledges the role that women with the right skills and experience can play in contributing to diversity of the perspective in the boardroom and at the executive level. Selection of female candidates to join the Board or the executive team will be, in part, dependent on the pool of female candidates with the necessary skills, knowledge and experience. The ultimate decision will be based on merit and the contribution the chosen candidate will bring to the Company.

The Diversity Policy also covers senior executive appointments and requires the CEO to have reference to the policy in selecting and assessing candidates and in presenting recommendations to the Board regarding appointments to the senior executive team. The Diversity Policy requires the Board to also consider gender diversity and the objectives of the policy when considering those recommendations.

At the date of adoption of the Diversity Policy, the Board's aspirational target was to ensure that at least 25% of the Board was made up of women. Although the Company has not adopted specific targets for women in executive positions, the Company has had female leadership in executive positions since the Company's inception. As women already hold 50% of the executive officer positions, a target would be unnecessary at this time and would be considered when and if the composition of the executive team changes.

Although the Company did not adopt a formal Diversity Policy until the 2016 fiscal year, the Board has always considered diversity as an important aspect of its decision making when recommending appointments to the Board or

the executive team. Below is a chart showing the number of women on the Company’s Board and in executive officer positions at the end of the Company’s fiscal year.

As at the End of the Fiscal Year	Board Positions				Executive Officer Positions			
	Target	# of Women on Board	Total # of Board Members	Percent	Target	# of Women Executive Officers	Total # of Executive Officers	Percent
2019	25%	2	8	25%	N/A	1	2	50%
2018	25%	2	9	22%	N/A	1	2	50%
2017	25%	2	8	25%	N/A	1	2	50%

Majority Voting Policy

The Board has adopted a Majority Voting Policy stipulating that Shareholders shall be entitled to vote in favour of, or withhold from voting for, each individual director nominee at a Shareholders’ meeting. If the number of Common Shares “withheld” for any nominee exceeds the number of Common Shares voted “for” the nominee, then, notwithstanding that such director was duly elected as a matter of corporate law, he or she shall tender his or her written resignation to the chair of the Board. The Corporate Governance and Nominating Committee will consider such offer of resignation and will make a recommendation to the Board concerning the acceptance or rejection of the resignation after considering all factors deemed relevant. The Board must take formal action on the Corporate Governance and Nominating Committee’s recommendation within 90 days of the date of the applicable Shareholders’ meeting and announce its decision by press release. Absent exceptional circumstances, the Board will be expected to accept the resignation which will be effective on such date. The policy does not apply in circumstances involving contested director elections.

Compensation Committee Interlocks and Insider Participation

The Board has a Compensation Committee, as more fully described under the heading “Statement of Executive Compensation – Compensation Discussion and Analysis”.

None of the members of the Compensation Committee is or has been an executive officer or employee of the Company or its subsidiary. No executive officer of the Company is or has been a director or member of the Compensation Committee of another entity having an executive officer who is or has been a director or a member of the Compensation Committee of the Company.

There were no Compensation Committee or Board interlocks among the members of our Board during 2019.

Other Board of Directors’ Committees

In addition to the Audit Committee, Compensation Committee, and Corporate Governance and Nominating Committee, the Company also has the following standing committee: Environment, Health, Safety and Technical Committee.

The role of the EHST Committee is to review, monitor and assess the effectiveness of the Company’s environmental policies and activities and the Company’s activities as they relate to health and safety issues. The EHST Committee is comprised of Gregory Lang (Chair), William Hayden, William Hensley, James Gowans and Kalidas Madhavpeddi.

Special Committees are struck as needed.

Assessments

The Board is responsible for selecting and appointing executive officers and for monitoring their performance. The performance of executive officers is annually measured against pre-set objectives and the performance of mining companies of comparable size. The Corporate Governance and Nominating Committee is responsible for overseeing the development and implementation of a process for assessing the effectiveness of the Board, its committees and its members. The Corporate Governance and Nominating Committee may request each director to provide his or her assessment of the effectiveness of the Board and each evaluation should take into account the competencies and skills each director is expected to bring to his or her particular role on the Board or on a committee, as well as any other relevant facts.

If any other matter properly comes before the Meeting, it is the intention of the person named in the proxy to vote the shares represented thereby in accordance with his/her best judgment on such matter.

- (l) ensure that, where functions are delegated to appropriate committees, the functions are carried out and the results thereof are reported to the Board;
